

JUNIOR SPELLING AND GRAMMAR LESSONS - January 2021

Due to the recent lockdown and restrictions, the way we teach spelling and grammar lessons have changed.

The whole school will be using online programmes for the teaching and learning of spelling lessons. We will be using the online programme:

Reading Eggs, Reading Eggspress and Classroom Secrets.

Reading Eggs/Ready Eggspress (20-30 minute lesson)

All children have a password and username for the above site. There will be a daily spelling lesson set by the spelling teacher. This will consist of

1. A lesson video
2. 20 fun practice questions in the style of games, choosing the correct spelling choices.
3. Spelling Test/Quiz
4. Feedback marking and time for children to do corrections
5. PDF worksheet from the lesson will be sent to the child's seesaw account, answers can be written in the child's online book – promoting handwriting, then uploaded to seesaw and marked by the teacher.

Classroom Secrets

The children also have access to classroom secrets This site is another fabulous tool for teaching, learning and practising spelling and grammar . The children have all been sent their individual log in and passwords through their seesaw accounts by their class teachers. The first session is in the form of an assessment, which then sets the child on an individual programme according to his/her ability. Each child then has a personalized programme which they can work their way through independently.

It is our aim for all children to enjoy learning at their own pace through the reading/ phonics/spelling/grammar programmes, acquiring essential knowledge and skills to make them confident readers and spellers.
